PATRIOCRACY is a timely film that seeks to answer the questions: How bad is it in Washington? Has the political environment always been this angry, this gridlocked, this broken? And what can we do about it?

PATRIOCRACY explores the extreme polarization in America that cripples the country from tackling its most serious problems. Americans are shouting at each other instead of listening to each other.

PATRIOCRACY drills down and illustrates the forces that drive a wedge into the middle ground of America and the solutions required to move forward.

PATRIOCRACY sits in the dead center of this monumental tug-of-war, educating viewers so they do not fall victim to manipulation as they cast their ballots.
